ITEMS OF INTEREST.

In the fork of the roads at five corners leading from East Derry, N. H., to the Adams mill may be seen a large elm tree that was set out on the day that President Lincoln was assassinated. Mr. Isaac Henry Jones set out the tree and Mr. Albert Kimball was there at the time. Mr. Kimball says he recalls the event distinctly, and has watched the tree all these years in its growth. This sturdy elm proves a good marker of an event of such interest.

Excavations in Rome prove the city to have existed long before the time of Romulus—so the story of his founding of the Eternal City is as mythical as that of his being suckled by a wolf.

A Syracuse coal dealer has been so pestered with inquiries as to how he hurt himself on the Fourth of July that he now hands his friends a printed card reading as follows: "How it happened. No, it was not a firecracker or skyrocket. I came downstairs in the dark and stumbled on a piece of tin used in the fireplace. Yes, it will probably leave a scar. Do you think we are going to have rain?"

In the first seven months of her career the big seven-master Thomas W. Lawson paid out in dividends \$36,100, an average of \$5,127 per month. At that rate she will earn \$62,124 per year.

OVER 600 LIVES LOST.

Full particulars were recently received from the Samoan islands in regard to the terrible hurricane which visited those islands and in which over 600 lives were lost. Such a loss is appalling, but after all is not to be compared with the number of persons who have lost their lives from indigestion, dyspepsia and constipation and other stomach troubles. The number has, however, been considerably reduced since the introduction of Hostetter's Stomach Bitters, 50 years ago, because it positively cures all such ailments. Your life and health are too precious to experiment with, therefore try this famous remedy first of all and be cured at once. It won't disappoint you. The genuine has our private stamp over the neck of the bottle.
